SHOWCASING

The Classic Range

Our Classic tier is designed for bottlers looking to present exceptional whisky in its purest form. Defined by a streamlined, fully managed process, it focuses on bringing the spirit from cask to glass with precision, and care.

Ideal for clients with existing artwork or a clear label concept, with the space to display all details of the whisky. Label styles can be presented in one of two options:

1. THE TRADITIONAL AESTHETIC, complete with ornate pen and ink whisky distillery illustration, borders, and traditional old-style typefaces.

2. THE CONTEMPORARY AESTHETIC is crisp and clean with modern typefaces, bold colours, and designer-led decoration.

Both offer a refined and efficient route to bottling - prioritising clarity, simplicity, and quality at every stage.*

From £7.50 per bottle

*Every project is priced individually depending on scope and excludes cask/spirit cost.

SHOWCASING

The Signature Range

Our Signature tier builds upon The Classic Range, pairing exceptional whisky with a more elevated, and distinctive presentation.

With an expanded selection of premium label designs, ranging from:

1. THE TRADITIONAL AESTHETIC, now with a wider selection of typefaces, custom spot illustrations, foiling, and embossing options.

2. THE CONTEMPORARY AESTHETIC, heightened with high-build, gloss, and foiling options as well as a range of modern decoration.

3. THE EXHIBITION AESTHETIC, allowing for custom artwork (up to A6 in size) to be showcased, adding distinct personality to your bottling.

Complemented by upgraded paper stock ranges and gift boxes, this range is ideal for clients seeking a more refined, design-led aesthetic, delivering a heightened sense of individuality without adding complexity.*

From £10.50 per bottle

*Every project is priced individually depending on scope and excludes cask/spirit cost.

SHOWCASING

The Masterpiece

FREQUENTLY ASKED

QUESTIONS

HOW LONG DOES THE BOTTLING PROCESS TAKE?

Once your cask has been selected and your bottling form submitted, the process typically takes 6–12 weeks. Timelines depend on factors such as label design, packaging choices, and any bespoke elements. For more complex projects or international deliveries, we'll confirm a clear, tailored timeline at the outset so you always know what to expect.

CAN I USE MY OWN ARTWORK OR DESIGN TEAM?

Yes - absolutely. You're welcome to supply your own artwork or work with your own designer. Alternatively, our experienced design partners specialise in whisky labelling and can support you from concept to print. Whichever route you choose, we'll ensure your final label meets SWA and HMRC compliance requirements.

WHAT INFORMATION MUST APPEAR ON MY LABEL?

We'll guide you through everything required. In simple terms, your label must comply with the Scotch Whisky Regulations 2009, including details such as whisky category, alcohol strength (ABV), bottle volume, and responsible bottler information. We manage all compliance checks before printing, so you can focus on the creative side.

CAN YOU ARRANGE SHIPPING?

Yes. We handle UK and international shipping, working with trusted bonded couriers to ensure all customs, duty, and export requirements are met. Bottles can be delivered to a single address or split across multiple destinations, depending on your needs.

CAN YOU HELP ME DECIDE WHEN MY CASK IS READY TO BOTTLE?

Definitely. We can arrange samples to be drawn, along with tasting notes, so you can track how your whisky is developing. Using this alongside our experience, we'll advise on the ideal time to bottle, taking into account flavour maturity, cask condition, and your personal goals for the whisky.

DO I NEED TO PAY DUTY OR VAT ON MY BOTTLES?

If your whisky remains in bonded storage, no duty or VAT needs to be paid. These charges only apply once the bottles leave bond for delivery to a non-bonded address, such as a private home or business. We'll explain your options and guide you through the process to ensure everything is handled correctly.

CAN I CHOOSE THE BOTTLING STRENGTH (ABV)?

Yes. You can bottle your whisky at cask strength or reduce it to a specific ABV - most commonly 46% or 43%. Any reduction is carried out using demineralised water under controlled conditions, and we'll advise on how different strengths may affect flavour, balance, and style.

DO YOU OFFER GIFTING OR CORPORATE OPTIONS?

Yes. We regularly create bespoke bottlings for corporate gifting, events, anniversaries, and special occasions. Options include personalised labels, presentation packaging, and messaging. Minimum quantities may apply depending on the level of customisation.

WILL SOMEONE GUIDE ME THROUGH THE PROCESS?

From start to finish, you'll work with a dedicated bottling contact who will manage every step, from planning and design through to bottling, and delivery. Our role is to make the process clear, enjoyable, and stress-free, while delivering a finished whisky you can be proud to share.
